EAT LOCAL

Using the very best of locally sourced traditional produce

At Corr's Corner Hotel we are committed to serving the finest local, seasonal produce for our guests. We work with fish mongers in Belfast, award winning butchers in Ballyclare and many more local suppliers, to ensure we are using fresh, local produce.

Our chefs enjoy creating dishes of quality, with flavour and seasoning being of the utmost importance.

We also have our very own bespoke products, produced by local suppliers, like our McKeever Coffee Blend, blended by 38 espresso.

We can offer bespoke meals catering all events created by our chefs. All dietary requirements and allergies can be catered for.

ENVIRONMENTAL POLICY

Corr's Corner Hotel accept our 'Duty of Care' and are committed to protecting and sustaining the environment for future generations, by minimising the impact of our activities and services on the environment.

In delivering our commitment we will:

- Ensure our environmental objectives are appropriate to the nature, scale and impact of our activities and services.
- Ensure that our environmental statutory obligations are met, strive to achieve environmental best practice and we will actively co-operate with the authorities on environmental protection matters
- Seek to conserve natural resources by ensuring the responsible use of energy, water and materials yet still provide the quality of service expected by our guests.
- Set objectives and monitor performance with the aim of continual improvement by reducing, re-using and recycling in areas such as energy and water consumption and the reduction of waste materials.
- Communicate the policy to all persons working for and on behalf to McKeever Hotels Ltd and encourage employee participation for the continued improvement of environmental performance.
- Encourage staff to be more environmentally friendly in their activities as McKeever Hotels Ltd recognise that successful implementation of this policy requires total commitment of both management and employees at all levels.
- Document, implement and maintain our environmental policy by conducting regular reviews of the policy objectives, and revising and updating the environmental policy in light of legislative and organisational changes.

ENVIRONMENTAL POLICY

Energy Efficiency Measures:

We are working to reduce our energy consumption by the following measures:

- LED lighting has been installed where possible throughout the hotels.
- Automatic on/off in corridors, toilets, and public areas, as well as key card activation for many bedrooms.
- When occupancy is low in the hotel, we can close off blocks of bedrooms to save heating and lighting usage.
- All computers and printers are turned off when not in use.

Water Efficiency Measures:

We have developed a programme to manage our water usage. We aim to reduce consumption and costs.

- We have our own well for water usage as an alternative to using mains water.
- Installation of water saving devices in toilets, urinals, sinks and showers.

ENVIRONMENTAL POLICY

Waste Efficiency Measures:

- Glass, cardboard, paper, ink cartridges are all recycled.
- Food waste is collected.
- Automatic dispensers for detergents have been fitted in the kitchens to reduce waste of chemicals.
- Cooking oils are cleansed and recycled.
- Electronic mail where possible instead of paper advertising.

Pollution:

We work with external companies to ensure the safe removal and disposal or recycling of waste produce from the hotel.

- Disposal of grease
- Work on carbon emissions
- Chemicals are sourced from companies with the environment in mind, where possible they are biodegradable and environmentally friendly.

We have worked through training with our staff on reduction of waste and care of the environment.
